CHAPTER-I

1. INTRODUCTION

1.1 Background

Agriculture is the backbone of the Nepalese economy which alone contributes about 38 percent of the Gross Domestic Product (GDP), and plays the lead role in the economic development of the country. In Nepal, agriculture is the main source of employment and livelihood where 65.6 percent of the people are still engaged in agriculture. However, due to the lack of modernization and commercialization in agriculture, farmers could not benefited as per their expectation.

The Government of Nepal (GON) and the Asian Development Bank (ADB/M) agreed to launch Commercial Agriculture Development Project (CADP) on 23 February, 2006. The project is designed to efficiently deliver development to poor and socially excluded people, through equitable and sustainable commercialization of agriculture. The project will directly generate employment opportunities to poor and marginal farmers and landless people by promoting high value crops (HVC) and their marketing, transporting from the point of production to storage and processing centers. CADP will also assist small scale community based market infrastructure development.

This project is implemented in 11 districts of Eastern Development Region (EDR) including 5 hill districts (Dhankuta, Ilam, Panchthar, Terahthum, and Udayapur), 5 Terai districts (Jhapa, Morang, Sunsari, Siraha, and Saptari) and one mountain district (Taplejung). The project beneficiaries will be the farmers (including subsistence, semi-commercial, commercial and women farmers) growing or interested in growing HVC such vegetables, fruits, and spices; and entrepreneurs located in the identified high potential areas of EDR.

Major outputs of the Commercial Agriculture Project will be increased public private investment, inclusion of poor and semi-commercial stakeholders in commercial agriculture, improved market information system and enhanced capacity of project partners in supporting farmers. The project will also cover disadvantaged and vulnerable people in EDR who have been excluded from the development process. The landless will be empowered through training to become employed in market-chain activities.

Mostly, farmers and traders lack of knowledge and skills about production and marketing technology of high value crops (HVC), transportation and marketing infrastructures. Despite of these constraints, EDR has extreme variation in the soil conditions, elevation, and temperature in the project districts, which provide greater scope for the production and marketing of wide range of agricultural commodities including fruits, vegetables and cereals.

The Commercial Agriculture Development Project is market oriented and demand driven. The project aims to accelerate the process of agriculture commercialization in EDR and help to increase employment opportunities in rural areas, value addition of agriculture products and rural income.

Objectives of the District Orientation Program:

- To illustrate the overview of the project among stakeholders.
- To introduce line-agencies and stakeholders about project's rationale, objectives, expected output, opportunities, and constraints .
- To create awareness about roles and responsibilities of partners (CADP, CAA and JFPR) and other stakeholders.

Date and Venue:

Program was conducted on November 1, 2007 in the training hall of the District Agriculture Development Office, Rajbiraj, Saptari.

Procedure:

- Arrival of Participants and Registration.
- Chairing of program : Mr. Dilip Kumar Chapagain, LDO, Saptari.
- Chairing of Chief Guest : Mr. Ganesh Bahadur Khatri, CDO, Saptari.
- Special guest chaired: Mr. Jagannath Mahaseth, RD, RAD, Biratnagar.
- Welcome to the participants: Mr. Yogendra Kumar Karki, PM, CADP.
- Papers presented by:
 - Ø Mr. Yogendra Kumar Karki. Project Manager, CADP, Biratnagar.
 - Ø Mr. Jagannath Mahaseth, RD, Regional Agriculture Directorate, Biratnagar.
 - Ø Mr. Ram Kumar Sharma, General Manager, CAA, Biratnagar.
 - Ø Mrs. Rita Koirala, Project Coordinator, JFPR, Biratnagar.
 - Ø Mr. Rukmini Raman Thakur, SADO, DADO, Saptari.
 - Ø Mr. Kamlesh Tiwari, Technical Officer, CADP.
- **Few words :**
 - Ø Mr. Narayan Prasad Sah Farmer , Saptari
 - Ø Mr. Ramesh Pokhrel, Member, National Cooperatives Development Board.
 - Ø Mr. Raj Narayan Raya, President, Nepal Sadbhawana Party, Saptari.
 - Ø Ganesh Bahadur Khatri, CDO, Saptari.
- Vote of thanks and closing of the program : Mr. Dilip Kumar Chapagain, LDO, Saptari.

CHAPTER – II

Summary of Presentation

Karki, Yogendra Kumar (Project Manager) CADP: At a Glance, November 1, 2007

Mr. Karki, in his presentation, focused on introduction, overall objective, project command districts, proposed financing plan, expected impacts and outcomes, project components, value chain model and project implementation arrangement system of CADP.

He also explained that the project is under ADB grant, implemented by Department of Agriculture (DOA) for six years period. (July, 2007 to December, 2012) .The overall goal of the project is sustainably increasing the level of commercialization of agriculture in EDR. The specific objective is to reduce poverty in rural communities in 11 project districts through equitable and commercialization of agriculture.

The project investment cost is estimated as US \$ 24 million, out of which, the contribution of ADB, Nepal Govt., CAA, DDC, and FC is 18, 0.8, 4, 0.4, 0.5 million US \$ respectively. The expected impacts and outcomes of this project will be improved efficiency of marketing and processing of HVCs (vegetables, fruits, tea, and spices).

For the implementation of the project, **Project Management Unit** is established in Biratnagar, which prepares project annual work plan and project progress report; recruits the consultants and rewards the procurement contracts; supervises the project activities and performance of the partner NGOs and service providers and carries out the M& E of the project activities.

The major components of the project are:

1. Agriculture investment and management.
2. Inclusive development of stakeholders.
3. Market information dissemination.
4. Project partners capacity enhancement.
5. Project implementation support.

The MOAC is the executive agency, the CAA is the implementing agency for component -1 (commercial agriculture investment & management), and the DOA is implementing agency for the components 2, 3, 4, and 5.

Mr. Karki emphasized that, for efficient implementation of the program, each line–agency and other stakeholders should work as partners with beneficiaries (Farmers, Traders, and Processors). He concluded that "**The success of the project will depend upon level of the co-ordination among stakeholders, for which; regular interaction to understand each other roles, and responsibilities is must .**"

Sharma, Ram Kumar, (General Manager, CAA); Commercial Agriculture Alliance: A Brief Introduction, November 1, 2007

Mr. Sharma, in his presentation stated about, the introduction of Commercial Agriculture Alliance (CAA), its objectives, command areas, membership, Board of Directors; management of CAF, main tasks, procedure to be followed for submitting the application and approval of grant and roles and responsibilities of stakeholders and future course of actions of CAA.

CAA is not-for-Profit Company established in 29 September, 2006 for the implementation of **Agriculture Investment and Management** component-1 of CADP. The objectives of CAA are: Promoting commercial agriculture by developing an alliance between the commercial agricultural stakeholders; manage CAF; educate members about market linkage on production; transferring knowledge and skill about agricultural production technology and marketing to farmers and others stakeholders directly involved in the agriculture business; conducting awareness program and helping its members in protecting the intellectual property rights.

CAA will have a cost sharing Commercial Agriculture Fund (CAF) of US\$13.3 million. CAA will provide grant to its members for the development of community based infrastructures such as collection centers, suspension bridges, ropeways, farm to market road improvement, cold stores and so on. It will also provide fund for the non-infrastructure activities such as, production and market promotion of High Value Crops (HVCs) in the project area. The fund for community based infrastructures is mobilized through District Development Committee and for non-infrastructure activities through farmers groups, agricultural cooperatives, processors and traders of agricultural commodities. A maximum of \$ 80,000 will be provided for each community-based market infrastructure intervention and a maximum of \$ 20,000 for each non-infrastructure investment. The allocation of CAF to specific districts will vary according to need. Each general member can obtain a maximum of \$ 40,000 on cumulative basis, and each DDC a maximum of \$ 320,000 on cumulative basis.

Commercial Agriculture Alliance will implement its program in 11 districts of Eastern Development Region. CAA will have two types of members i.e. general and nominated. General members comprise farmer's groups, cooperatives, traders and processors whereas representatives from Ministry of Agriculture and Cooperatives, Ministry of Local Development, District Development Committee of 11 project districts, and Agro Enterprise Centre of Federation of Nepalese Chamber of Commerce and Industries(FNCCI) are the nominated members of CAA. CAA will establish its central office at Biratnagar and branch offices at district headquarter of 11 project districts. The stakeholders should play their roles in creating awareness at local level, selection of appropriate projects, recommendation of grant for feasible projects and regular monitoring and evaluation of the projects.

The CAA is established as a not for - profit company with definite objectives and well defined roles and responsibilities. Commercial Agriculture Fund that will have to manage by CAA, will be allocated for the commercialization of agriculture in the Eastern Development Region.

Koirala, Rita,(Project Coordinator DEPROSC Nepal): Role of DEPROSC, November 1, 2007

Mrs. Koirala, in her presentation, discussed about background information, proposed grant, program status, command area, expected outputs, project components, organizational structure for the project implementation, investment plan, role and staff structure, linkage among partners (CADP, CAA) of DEPROSC-Nepal/JFPR.

DEPROSC- Nepal, established in September 1997, affiliated with Social Welfare Council, currently working in 27 districts and there are 20 on going projects. Whereas, JFPR established in 20 July,2007, for 3 years as component of CADP, and command districts are Morang, Sunsari, Saptari,and Dhankuta.

JFPR will focus on four components:

- Social mobilization.
- Income generation.
- Capacity building.
- Project coordination.

The expected outputs of this project will be 600 new capable and well mobilized groups, 6000 people's capacity enhanced and linked with micro finance services and 3000 families come up from below poverty line.

Operational structure is established for the project implementation including MOAC as executing agency, ADB as donor agency and CADP/PMU and district coordination committee as monitoring and evaluating agency. The total program budget of the JFPR is US\$1,314,000 out of which CADP contributes US\$ 314000.

Roles of DEPROSC-Nepal and JFPR will be

- Selection, coordination and management of NGO consortium affairs.
- Clearly defined responsibilities of partner NGO.
- Implementation of overall capacity building program.
- Enter in to the legal contract with ADB and with other partners.
- Focus on participatory program planning approach.

JFPR always believes on coordination and participatory approach for program planning and implementation, which is the key theme of the JFPR.

Mr. Mahaseth, Jagannath,(Regional Director), Agriculture Development in EDR- At a Glance, November 1, 2007

Mr. Mahaseth, in his presentation highlighted the potential and constraints of commercialization in EDR and gave a overview about pocket areas, projects implementing in EDR, agricultural statistics, food balance sheet, agriculture program in EDR, potential crops according to geographical region, market infra-structures and National Mission for different crops in different districts.

Projects in EDR:

- Eastern Hill Development Project: Solukhumbu, Khotang, Bhojpur, Okhaldhunga.
- APPSP: Siraha, Udayapur, Okhaldhunga.
- Ultra Poor Project: Terahthum, Taplejung.

Market Infra-structures:

• Collection centers	-	37
• Wholesale markets	-	8
• Hat bazaar	-	577
• Cold stores	-	8
• Cellar stores	-	8
• Rustics stores	-	23

Potential Crops in EDR

- Cardamom
 - Off-season vegetables
 - Citrus
 - Areca nut and Black pepper
 - Banana
 - Tea
 - Ginger
 - Jute
- Taplejung, Panchthar, Ilam, Sankhuwasabha, Terahthum, and Bhojpur
 - Dhankuta, Ilam, Panchthar, Terahthum, Sunsari, and Morang.
 - Dhankuta, Ilam, and Panchthar
 - Jhapa
 - Sunsari, Morang, and Jhapa
 - Jhapa, Ilam, Panchthar, and Dhankuta
 - Dhankuta, Ilam, Terahthum and Panchthar Morang, Sunsari, and Jhapa.

National Mission program in EDR:

- Mission Fish
 - Mission Onion
 - Mission Citrus
- Siraha, Saptari, Sunsari, and Morang
 - Siraha, and Saptari
 - Dhankuta, Ilam, and Panchthar

Mr. Mahaseth expressed his views on project activities and co-ordination among different stakeholder in project district. Project is mainly concentrated in developing the small infrastructures such as collection centers, ropeways, suspension bridges, cold stores and improvement of farm to market link road. He added that the beauty of this project is to promote selected HVC in potential area of the project district. He added that due to availability of suitable climatic condition and socio-economic environment, EDR has greater scope for the commercialization of agriculture.

He ensured that he will be fully devoted to provide support in every step of project implementation. He also hoped that DADO of the project districts will provide required support during project implementation. RD suggested that the success of the project depends upon the co- ordination among different agencies involved in CADP.

Mr. Rukmini Raman Thakur, SADO, DADO, Sapatari : Exsiting Situation, Problems and Prospect of Commercial Agriculture in Saptari District.

Mr. Thakur, in his presentation mainly concertrated in background, existing situation, problems and potentiality of high value crops in Saptari district.

Background:

- Saptari district is one of the most potential district for commercial agriculture.
- The population of the district is 577,438
- 78 percent engaged in agriculture activities.
- Total area 125056 hectare
- 63.6 percent area is under cultivation.

Existing Situation :

- Major cereal crops – rice and wheat
- Major cash crops - onion, off- season vegetables.
- Fruit - Mango

Potentiality

- Area and production of onion, off- season vegetable and mango can be expanded.

Existing Problems :

- Challenges of food security for emerging population.
- Insufficient market infrastructure.
- Low coverage of agriculture program in the remote area of the district.

Mr. Kamlesh Tiwari,(Technical Officer), Commercial Agriculture Development Project : Project Selection Process and Monitoring & Evaluation Arrangement in CADP, November 1, 2007

Mr. Tiwari, in his presentation, focused on project selection criteria, cost sharing for infrastructure and non- infrastructure investment , implementation, monitoring & evaluation and project review arrangement of CADP.

Selection criteria:

- Ø Add value to agricultural products,
- Ø Benefit other agricultural stakeholders and community as a whole,
- Ø Improve market chain efficiency,
- Ø Incorporate public good content and
- Ø Have strong demonstration effects on the rest of community.
- Ø Proposal must be demand driven and identified by stakeholders themselves.

Cost Sharing

Stakeholders	Non- infrastructure investment	Infra-structure investment
CAA	50 %	75 %
Beneficiaries	50 %	10 %
DDC	-	15 %

Project Performance M&E

Monitoring & Evaluation will be done to determine:

- Ø Efficiency
- Ø Delivery of inputs against specified implementation targets and time frame.
- Ø Effectiveness
- Ø Outputs, outcomes and short term impacts.
- Ø Both efficiency and effectiveness measured against baseline and product chain data

Feed back on project activities will be taken from

- Ø Farmer groups;
- Ø Marketing groups, associations and cooperatives;
- Ø Partnering NGOs and training service providers;
- Ø CAA and its branch offices;
- Ø Project studies and reports;
- Ø Project-supported market information system; and
- Ø Any other relevant sources such as the federation of Nepal Chambers of Commerce and Industry.

Project Review

- Ø ADB and the Government at least twice a year; this includes performance of the PMU, CAA, partner NGOs and service providers.
- Ø ADB and Government will also undertake a comprehensive mid- term review of the project at the beginning of the fourth year.
- Ø Technical, budgetary and design modification could be considered based on the results of review.

Few Word of Remarks**Mr. Narayan Prasad Sah Farmer, Saptari**

- Mr. Sah expressed his happiness for implementing the CADP in Saptari district.
- Project should focus on felt needs of the farmers.
- Market development depends on production of agriculture commodities.
- Project should implement the program in the rural areas for ultra- poor, disadvantage group, and women.
- Commercial agriculture program especially mango, off-season vegetables and onion should be concentrated in west and north part of the district.
- Project should focus on small infrastructures like coldstores, market sheds, collection centres and so on.
- Program should be launched in the highway corridor.

Lastly, he committed for coordination in every walks of project activities and expressed his hope and believes that the project will achieve its goal.

Mr. Ramesh Pokhrel, Member, National Cooperatives Development Board.

- Mr. Pokhrel delivered his happiness for providing opportunity to participate in the program.
- He seriously expressed that , it is opportunity as well as challenge for cooperatives to make success the project in its mission.
- Project should launch the program through coordination with cooperatives.
- Priority should be given to the farmers' group.
- Participation should be increased on the basis of work performance.

Mr. Raj Narayan Raya, President, Nepal Sadbhawana Party, Saptari.

- Mr. Raya expressed his view that due to lack irrigation facilities production of cereal crops can not increased as per potentiality of the district.
- Farmers are not benefited due to the lack marketing facilities especially for potato and onion.
- Project should invest on infrastructure development.
- Membership fee should be affordable to the general stakeholders therefore he requested to reduce CAA membership fee.

MR. Ganesh Bahadur Khatri, CDO, Saptari.

- Mr. Khatri, expressed his happiness for implementing the CADP in EDR.
- He also expressed view that the peace and security are prime factors for the success of the program, and committed to provide his full support throughout the project period.
- He expressed his hope the project will help to its target group.
- One of the main reason for low agriculture production is migration/absentee land lordism.
- The project should concertrate its activities on internal distribution system of agriculture commodities such as citrus from hill to terai and cereals from terai to hill and mountain.
- For commercialization in agriculture, project should invest infrastructures.

Lastly, he expressed his hope and believes that the project will achieve its goal.

Mr. Dilip Kumar Chapagain, LDO, Saptari.

- First of all, the Chairperson expressed his gratitude to program organizer (CADP) for an opportunity provided him for chairmanship.
- He welcomed the suggestions of participants for the further improvement in project activities.
- He summarized the whole session along with valuable suggestions and comments.
- To be success of any project working environment is necessary, for that coordination among stakeholders will be must.
- CADP should proceed its program in integrated approach for improvement of the productivity.
- Monitoring & evaluation of project activities should be strong through participatory approach.

Appendix-1: Program schedule.

Commercial Agriculture Development Project District Orientation program, Saptari

Date : 1 November, 2007

Time : 10:30- 2:30

Venue : Training Hall, District Agriculture Development Office, Saptari

Time	Activities	Remarks
10.30-11.00	Arrival of Participants and Registration	
First Session		
11.00-11.15	Chairing of the Program : Mr. Ganesh Bahadur Khatri, CDO, Saptari. Chairing of Chief Guest : Mr. Jagannath Mahaseth, RD, RAD, Biratnagar	
11:15-11:35	Welcome to the Participants and Brief Introduction of CADP: Mr. Y.K. Karki, Project Manager, CADP.	
11:35-11:50	Brief Introduction of Commercial Agriculture Alliance Mr. Ram Kumar Sharma, General Manager, CAA	
11:50-12:05	Brief introduction of JFPR : Mrs. Rita Koirala, Project Co-ordinator, JFPR	
12:05-12:20	Agriculture Development in EDR- At a Glance: Mr. Jagannath Mahaseth, RD, RAD, Biratnagar	
12:20-12:35	Present Situation of Commercial Agriculture and its Potentiality in the District. Rukmini Raman Thakur, SADO, DADO, Saptari.	
12:35-12:50	Planning Process, Roles of Stakeholders and M & E Arrangement of CADP Kamlesh Tiwari, Technical Officer, CADP.	
12:50-1:00	Session closing: Mr. Ganesh Bahadur Khatri, CDO, Saptari.	
Second Session		
	Chairing of the Program : Mr. Dilip Kumar Chapagain, LDO, Saptari. Chairing of Chief Guest : Mr. Jagannath Mahaseth, RD, RAD, Biratnagar	
1:00-1: 30	Discussion	
	Few Words	
1:30-2: 20	<ul style="list-style-type: none"> • Mr. Narayan Prasad Sah Farmer , Saptari • Mr. Ramesh Pokhrel, Member, National Cooperatives Development Board. • Mr, Raj Narayan Raya, President, Nepal Sadbhawana Party, Saptari. 	
2:20-2:30	Vote of thanks and closing of the program : Mr. Dilip Kumar Chapagain, LDO, Saptari.	

Appendix-2: Name List of Participants

SN	Name	Designation	Office/Address
1	Mr. Jagannath Mahaseth	RD	RAD
2	Mr. Ganesh Bahadur Khatri	CDO	CDO, Saptari
3	Mr. Dilip Kumar Chapagain	LDO	DDC, Saptari
