CHAPTER-I

1. INTRODUCTION

1.1 Background

Agriculture is the backbone of the Nepalese economy which alone contributes about 38 percent of the Gross Domestic Product (GDP), and plays the lead role in the economic development of the country. In Nepal, agriculture is the main source of employment and livelihood where 65.6 percent of the people are still engaged in agriculture. However, due to the lack of modernization and commercialization in agriculture, farmers could not benefited as per their expectation.

The Government of Nepal (GON) and the Asian Development Bank (ADB/M) agreed to launch Commercial Agriculture Development Project (CADP) on 23 February, 2006. The project is designed to efficiently deliver development to poor and socially excluded people, through equitable and sustainable commercialization of agriculture. The project will directly generate employment opportunities to poor and marginal farmers and landless people by promoting high value crops (HVC) and their marketing, transporting from the point of production to storage and processing centers. CADP will also assist small scale community based market infrastructure development.

This project is implemented in 11 districts of Eastern Development Region (EDR) including 5 hill districts (Dhankuta, Ilam, Panchthar, Terahthum, and Udayapur), 5 Terai districts (Jhapa, Morang, Sunsari, Siraha, and Saptari) and one mountain district (Taplejung). The project beneficiaries will be the farmers (including subsistence, semi-commercial, commercial and women farmers) growing or interested in growing HVC such vegetables, fruits, and spices; and entrepreneurs located in the identified high potential areas of EDR.

Major outputs of the Commercial Agriculture Project will be increased public private investment, inclusion of poor and semi-commercial stakeholders in commercial agriculture, improved market information system and enhanced capacity of project partners in supporting farmers. The project will also cover disadvantaged and vulnerable people in EDR who have been excluded from the development process. The landless will be empowered through training to become employed in market-chain activities.

Mostly, farmers and traders lack of knowledge and skills about production and marketing technology of high value crops (HVC), transportation and marketing infrastructures. Despite of these constraints, EDR has extreme variation in the soil conditions, elevation, and temperature in the project districts, which provide greater scope for the production and marketing of wide range of agricultural commodities including fruits, vegetables and cereals.

The Commercial Agriculture Development Project is market oriented and demand driven. The project aims to accelerate the process of agriculture commercialization in EDR and help to increase employment opportunities in rural areas, value addition of agriculture products and rural income.

Objectives of the District Orientation Program:

- To illustrate the overview of the project among stakeholders.
- To introduce line-agencies and stakeholders about project's rationale, objectives, expected output, opportunities, and constraints .
- To create awareness about roles and responsibilities of partners (CADP, CAA and JFPR) and other stakeholders.

Date and Venue:

Program was conducted on November 6, 2007 in the training hall of the District Agriculture Development Office, Ilam.

Procedure:

- Arrival of Participants and Registration.
- Chairing of program : Mr. Ram Prasad Ghimire, CDO, Ilam
- Chairing of Chief Guest : Mr. Jagannath Mahaseth, RD, RAD, Biratnagar.
- Welcome to the participants: Mr. Yogendra Kumar Karki, PM, CADP.
- Papers presented by:
 - Ø Mr. Yogendra Kumar Karki. Project Manager, CADP, Biratnagar.
 - Ø Mr. Jagannath Mahaseth, RD, Regional Agriculture Directorate, Biratnagar
 - Ø Mr. Ram Kumar Sharma, General Manager, CAA, Biratnagar.
 - Ø Mr. Abadesh Kumar Singh, Plant Protection Officer, DADO, Ilam.
 - Ø Mr. Kamlesh Tiwari, Technical Officer, CADP.
- **Few words :**
 - Ø Mr. Som Nath Suseli, President, Federation of Nepal Press Reporters, Ilam
 - Ø Mr. Punya Prasad Siwakoti, President, Tea Producer Association, Ilam
 - Ø Mr. Bhalakaji Rai, Executive member, CAA
 - Ø Mr. Bhisma Prasad Baidya, First Vice-Chairman, FNCCI, Ilam
 - Ø Mr. Bhanu Bhakta Baral, For LDO, DDC Ilam.
 - Ø Mr. Devi Prasad Chapagain, Secretary, Nepal Communist Party(United)
 - Ø Mr. Ganesh Baral, Office Secretary, NCP(UML)
 - Ø Mr. Himal Karmacharya, Joint President, Nepali Congress Party.
 - Ø Mr. Ram Prasad Ghimire, Chairperson, CDO, Ilam

CHAPTER – II

Summary of Presentation

Karki, Yogendra Kumar (Project Manager) CADP: At a Glance, November 6, 2007

Mr. Karki, in his presentation, focused on introduction, overall objective, project command districts, proposed financing plan, expected impacts and outcomes, project components, value chain model and project implementation arrangement system of CADP.

He also explained that the project is under ADB grant, implemented by Department of Agriculture (DOA) for six years period. (July, 2007 to December, 2012) .The overall goal of the project is sustainably increasing the level of commercialization of agriculture in EDR. The specific objective is to reduce poverty in rural communities in 11 project districts through equitable and commercialization of agriculture.

The project investment cost is estimated as US \$ 24 million, out of which, the contribution of ADB, Nepal Govt., CAA, DDC, and FC is 18, 0.8, 4, 0.4, 0.5 million US \$ respectively. The expected impacts and outcomes of this project will be improved efficiency of marketing and processing of HVCs (vegetables, fruits, tea, and spices).

For the implementation of the project, **Project Management Unit** is established in Biratnagar, which prepares project annual work plan and project progress report; recruits the consultants and awards the procurement contracts; supervises the project activities and performance of the partner NGOs and service providers and carries out the M& E of the project activities.

The major components of the project are:

1. Agriculture investment and management.
2. Inclusive development of stakeholders.
3. Market information dissemination.
4. Project partners capacity enhancement.
5. Project implementation support.

The MOAC is the executive agency, the CAA is the implementing agency for component -1 (commercial agriculture investment & management), and the DOA is implementing agency for the components 2, 3, 4, and 5.

Mr. Karki emphasized that, for efficient implementation of the program, each line–agency and other stakeholders should work as partners with beneficiaries (Farmers, Traders, and Processors). He concluded that "**The success of the project will depend upon level of the co-ordination among stakeholders, for which; regular interaction to understand each other roles, and responsibilities is must .**"

Sharma, Ram Kumar, (General Manager, CAA); Commercial Agriculture Alliance: A Brief Introduction, November 6, 2007

Mr. Sharma, in his presentation stated about, the introduction of Commercial Agriculture Alliance (CAA), its objectives, command areas, membership, Board of Directors; management of CAF, main tasks, procedure to be followed for submitting the application and approval of grant and roles and responsibilities of stakeholders and future course of actions of CAA.

CAA is not-for- Profit Company established in 29 September, 2006 for the implementation of **Agriculture Investment and Management** component-1 of CADP. The objectives of CAA are:

Promoting commercial agriculture by developing an alliance between the commercial agricultural stakeholders; manage CAF; educate members about market linkage on production; transferring knowledge and skill about agricultural production technology and marketing to farmers and others stakeholders directly involved in the agriculture business; conducting awareness program and helping its members in protecting the intellectual property rights.

CAA will have a cost sharing Commercial Agriculture Fund (CAF) of US\$13.3 million. CAA will provide grant to its members for the development of community based infrastructures such as collection centers, suspension bridges, ropeways, farm to market road improvement, cold stores and so on. It will also provide fund for the non-infrastructure activities such as, production and market promotion of High Value Crops (HVCs) in the project area. The fund for community based infrastructures is mobilized through District Development Committee and for non-infrastructure activities through farmers groups, agricultural cooperatives, processors and traders of agricultural commodities. A maximum of \$ 80,000 will be provided for each community- based market infrastructure intervention and a maximum of \$ 20,000 for each non-infrastructure investment. The allocation of CAF to specific districts will vary according to need. Each general member can obtain a maximum of \$ 40,000 on cumulative basis, and each DDC a maximum of \$ 320,000 on cumulative basis.

Commercial Agriculture Alliance will implement its program in 11 districts of Eastern Development Region. CAA will have two types of members i.e. general and nominated. General members comprise farmer's groups, cooperatives, traders and processors whereas representatives from Ministry of Agriculture and Cooperatives, Ministry of Local Development, District Development Committee of 11 project districts, and Agro Enterprise Centre of Federation of Nepalese Chamber of Commerce and Industries(FNCCI) are the nominated members of CAA. CAA will establish its central office at Biratnagar and branch offices at district headquarter of 11 project districts. The stakeholders should play their roles in creating awareness at local level, selection of appropriate projects, recommendation of grant for feasible projects and regular monitoring and evaluation of the projects.

The CAA is established as a not for - profit company with definite objectives and well defined roles and responsibilities. Commercial Agriculture Fund that will have to manage by CAA, will be allocated for the commercialization of agriculture in the Eastern Development Region.

Mr. Mahaseth, Jagannath,(Regional Director), Agriculture Development in EDR- At a Glance, November 6, 2007

Mr. Mahaseth, in his presentation highlighted the potential and constraints of commercialization in EDR and gave a overview about pocket areas, projects implementing in EDR, agricultural statistics, food balance sheet, agriculture program in EDR, potential crops according to geographical region, market infra-structures and National Mission for different crops in different districts.

Projects in EDR:

- Eastern Hill Development Project: Solukhumbu, Khotang, Bhojpur, Okhaldhunga.
- APPSP: Siraha, Udayapur, Okhaldhunga.
- Ultra Poor Project: Terahthum, Taplejung.

Market Infra-structures:

• Collection centers	-	37
• Wholesale markets	-	8
• Hat bazaar	-	577
• Cold stores	-	8
• Cellar stores	-	8
• Rustics stores	-	23

Potential Crops in EDR

• Cardamom	-	Taplejung, Panchthar, Ilam, Sankhuwasabha, Terahthum, and Bhojpur
• Off-season vegetables	-	Dhankuta, Ilam, Panchthar, Terahthum, Sunsari, and Morang.
• Citrus	-	Dhankuta, Ilam, and Panchthar
• Areca nut and Black pepper	-	Jhapa
• Banana	-	Sunsari, Morang, and Jhapa
• Tea	-	Jhapa, Ilam, Panchthar, and Dhankuta
• Ginger	-	Dhankuta, Ilam, Terahthum and Panchthar
• Jute	-	Morang, Sunsari, and Jhapa.

National Mission program in EDR:

• Mission Fish	-	Siraha, Saptari, Sunsari, and Morang
• Mission Onion	-	Siraha, and Saptari
• Mission Citrus	-	Dhankuta, Ilam, and Panchthar

Mr. Mahaseth expressed his views on project activities and co-ordination among different stakeholder in project district. Project is mainly concentrated in developing the small infrastructures such as collection centers, ropeways, suspension bridges, cold stores and improvement of farm to market link road. He added that the beauty of this project is to promote selected HVC in potential area of the project district. He added that due to availability of suitable climatic condition and socio-economic environment, EDR has greater scope for the commercialization of agriculture.

He ensured that he will be fully devoted to provide support in every step of project implementation. He also hoped that DADO of the project districts will provide required support during project implementation. RD suggested that the success of the project depends upon the co-ordination among different agencies involved in CADP.

Existing situation, Problem and Prospect of High value crops, Mr. Abadesh Kumar Singh, Plant Protection Officer, DADO, Ilam.

Mr. Singh in his presentation mainly described about the background, existing situation and potentiality of high value crops in Ilam district.

Background

- Ø Illam is recognized as " Queen of the Nature and mine of the cash crops"
- Ø In the past, Illam was known by five Aa i.g. Aalu (Potato), Aduwa (Ginger), Amriso (Broom Grass), Alaichi (Cardamom), and Olan (Milk).
- Ø Now Illam is known by seven Aa with additional two Aa i.g. Akabare (Round Piper), and Orthodox tea.

Ø Total area of district	-	1,70.300
Ø Area under cultivation	-	71,0.85 ha. (41.74%)
Ø Total Irrigated area	-	9869 ha.
Ø Year round	-	4461 ha.
Ø Seasonal	-	5408 ha.
Ø Total hat bazar	-	21
Ø Total farmer groups	-	329
Ø Total group fund	-	NRs. 2,769,306
Ø Agriculture Cooperatives	-	22

Existing Situation of Cash Crops.

Tea

Ø Area	-	4,773 ha.
Ø Production	-	6,479,875 K.G.

Akabare

Ø Area	-	145 ha.
Ø Production	-	550 Metric Ton.

Potato

Ø Area	-	6748 ha.
Ø Production	-	91,000 Metric Ton.

Cardamom

Ø Area	-	2740 ha.
Ø Production	-	1763 Metric Ton.

Potential of high value crops.

- Ø Area and Production of Tea, Potato, Akabare, Citrus, Ginger, Vegetables and Cardamom can be expanded.

Mr Kamlesh Tiwari,(Technical Officer), Commercial Agriculture Development Project : Project Selection Process and Monitoring & Evaluation Arrangement in CADP, November 6, 2007

Mr. Tiwari, in his presentation, focused on project selection criteria, cost sharing for infrastructure and non- infrastructure investment , implementation, monitoring & evaluation and project review arrangement of CADP.

Selection criteria:

- Ø Add value to agricultural products,
- Ø Benefit other agricultural stakeholders and community as a whole,
- Ø Improve market chain efficiency,
- Ø Incorporate public good content and
- Ø Have strong demonstration effects on the rest of community.
- Ø Proposal must be demand driven and identified by stakeholders themselves.

Cost Sharing

Stakeholders	Non- infrastructure investment	Infra-structure investment
CAA	50 %	75 %
Beneficiaries	50 %	10 %
DDC	-	15 %

Project Performance M&E

Monitoring & Evaluation will be done to determine:

- Ø Efficiency
- Ø Delivery of inputs against specified implementation targets and time frame.
- Ø Effectiveness
- Ø Outputs, outcomes and short term impacts.
- Ø Both efficiency and effectiveness measured against baseline and product chain data

Feed back on project activities will be taken from

- Ø Farmer groups;
- Ø Marketing groups, associations and cooperatives;
- Ø Partnering NGOs and training service providers;
- Ø CAA and its branch offices;
- Ø Project studies and reports;
- Ø Project-supported market information system; and
- Ø Any other relevant sources such as the federation of Nepal Chambers of Commerce and Industry.

Project Review

- Ø ADB and the Government at least twice a year; this includes performance of the PMU, CAA, partner NGOs and service providers.
- Ø ADB and Government will also undertake a comprehensive mid- term review of the project at the beginning of the fourth year.
- Ø Technical, budgetary and design modification could be considered based on the results of review

Few words of Remarks :

Mr. Som Nath Suseli, President, Federation of Nepal Press Reporters, Ilam.

- Ø Mr. Subedi expressed his view that the government is going to implement CADP with appropriate objective.
- Ø This project will play vital role in commercialization of agriculture in EDR .
- Ø Project will help to create employment opportunity in the project area and also raise income level of the rural poor.
- Ø This project should help to the people to widen their knowledge, skill and capacity related to agriculture production and marketing.
- Ø Due to the seasonal nature in production of agricultural commodities, farmers are unable to get reasonable price of their product.
- Ø At last, he expressed his wishes for the grand success of the project.

Mr. Punya Prasad Shiwakoti, President ,Tea Producer Association, Ilam

- Ø Mr. Shiwakoti expressed his happiness, welcomed the project in Ilam, and he assured that the project will get full support and cooperation from people of Ilam.
- Ø He expressed his view that the cash crops are being grown in Ilam are in danger.
- Ø Nepal placed the first rank in cardamom production but we are lacking technology on production and processing of cardamom.
- Ø Orthodox tea can have world wide market opportunity, therefore we should expand its area and production.
- Ø Department of Agriculture should have its own technician for tea.
- Ø At last, he delivered his wishes for the success of the project.

Mr. Bhala Kaji Rai, Executive member, CAA

- Ø Mr. Rai expressed his view that the CADP is the model project in Nepal which will be implemented under public and private partnership.
- Ø Project will create network of the farmers, traders and processors.
- Ø He requested to the people of Ilam to take advantage from the project.
- Ø He also urged farmers groups, Co-operatives, traders and processors to become the member of CAA.
- Ø He assured that the project will bring positive changes in the development of EDR through commercialization of agriculture.

Mr. Bhisma Prasad Baidya, First Vice-chairman, FNCCI, Ilam

- Ø Mr. Baidya expressed his happiness for the implementation of CADP in Ilam.
- Ø He requested to arrange a meeting for detail discussion in every aspect of the project.
- Ø Project should include poor, marginalised and socially excluded people in main stream of development.
- Ø He hoped that CADP will be helpful to enhance the living standard of people.
- Ø He wished for the success of project and expressed his commitment for the necessary support and co-ordination.

Mr. Bhanu Bhakta Baral, For LDO, DDC Ilam

- Ø First of all, Mr. Baral welcomed the project in Ilam.
- Ø He expressed his view that the projects implemented before were not transparent and also expressed his hope that CADP will be transparent.
- Ø He suggested that CADP should ensure maximum participation of stakeholders.
- Ø He added that availability of suitable climatic condition provides greater scope for commercialization of agriculture in Ilam.
- Ø He ensured that DDC will be fully devoted to provide support in every step of project implementation.

Mr. Devi Prasad Chapagain, Secretary, Nepal Communist Party United, Ilam

- Ø Mr. Chapagain highlighted the importance of the project and he added that people of Ilam should have given top priority.
- Ø He suggested that the project should conduct more awareness program about CADP in grassroot level.
- Ø He emphasized that efficient implementation depends upon the effective coordination among stakeholders including all political parties.
- Ø At last, he expressed his wish for the grand success of the project and committed to provide all necessary help and support for the successful implementation of project.

Mr. Ganesh Baral, Office Secretary, Nepal Communist Party, UML

- Ø Mr. Baral expressed his view that CADP will help industrialization by commercialization of agriculture.
- Ø Small tea producers in Ilam are in trouble because they are not getting reasonable price for their product.
- Ø He also added that the area and production of cardamom is decreasing due Chhirke and Furke diseases.
- Ø He suggested that CADP should proceed its program in integrated approach for the improvement of productivity and also help to farmers to explore the market of their product.
- Ø He concluded his remarks with his wish for the successful implementation of project and expressed his commitment for support and help.

Mr. Himal Karmacharya, Joint President, Nepali Congress Party, Ilam

- Ø He expressed his happiness for introduction of CADP in Ilam and also added that the people of Ilam have been waiting for such a project since twenty years.
- Ø Ilam has great scope for the commercialization of agriculture.
- Ø He suggested that the project should enhance the bargaining power of farmers through dissemination of appropriate market information.
- Ø He also added that the government should declare Ilam as production zone for organic orthodox tea and farmers, traders and processors should focus on the quality aspect of orthodox tea.
- Ø He suggested that project should help in infrastructure and market development.
- Ø He requested to revise the criteria of CAA membership especially transection of five lakh.

Mr. Ram Prasad Ghimire, Chairperson, CDO, Ilam

- Ø Mr. Ghimire expressed his gratitude to CADP for an opportunity provided him for chairmanship.
- Ø He summarized the whole session along with the valuable suggestions and comments.
- Ø He highlighted the importance of agriculture sector for the overall development of the nation.
- Ø Most of the projects seems better in their visions but their implementation becomes weak and finally projects become failure.
- Ø He expressed his hope and belief that CADP will focus its concentration for effective implementation of project activities.
- Ø He requested for help and support to all farmers, traders, processors and other stakeholders and also expressed his commitment to do so from his side.

Appendix-1 : Program schedule.

Commercial Agriculture Development Project District Orientation program, Ilam

Date : 6 November, 2007

Time : 10:30- 2:30

Venue : Seminar Hall, District Development Committee, Ilam

Time	Activities	Remarks
10.30-11.00	Arrival of Participants and Registration	
First Session		
11.00-11.15	Chairing of the Program : Mr. Ram Prasad Ghimire, CDO, Ilam Chairing of Chief Guest : Mr. Jagannath Mahaseth, RD, RAD, Biratnagar	
11:15-11:35	Welcome to the Participants and Brief Introduction of CADP: Mr. Y.K. Karki, Project Manager, CADP.
